PROFESSIONAL EXPERIENCE

FREELANCE FULL STACK WEB DEVELOPER

Self-Employed | Hollywood, FL | 2024 – Present

Designed and developed custom web solutions for small businesses and entrepreneurs, delivering responsive, scalable applications tailored to client needs.

- **Built** e-commerce platforms, portfolio websites, and service-based applications using React, Angular, and Flutter with seamless cross-platform performance
- **Integrated** third-party APIs (Stripe, EmailJS, Google Maps) to extend application functionality and improve user experience
- **Created** reusable component libraries and design systems ensuring brand consistency across digital products
- **Collaborated** directly with clients to gather requirements, define project scope, and deliver solutions on time and within budget
- **Provided** ongoing maintenance and support services, resulting in 100% client retention rate

FULL STACK WEB DEVELOPER INTERN

Orlando O. Spencer I, Inc. | Yuma, AZ | September 2024 – December 2024

Delivered high-impact web solutions while rapidly mastering emerging technologies in a fast-paced development environment.

- **Engineered** responsive web applications ensuring seamless user experiences across diverse devices, earning recognition for exceptional UI/UX design
- **Architected** a comprehensive Flutter-based solution with flawless performance on both iOS and Android platforms
- **Established** a unified design system providing consistency across multiple platforms, significantly improving brand cohesion
- **Optimized** cross-platform performance while maintaining feature parity and enhancing user experience
- **Translated** complex system requirements into elegant, efficient software solutions
- **Fostered** a collaborative team environment, contributing to project success through proactive engagement
